The Invalid Soldiers' Welfare League at Frank

A short time ago Capt. Ogilvy-Wills, O. C. of the Frank Military Hospital, suggested to the boys there that they form a social club and the idea was taken up with zest. A committee was formed to draw up a constitution, which was accepted by the boys at the first general meeting.

Membership of the League is solely confined to patients and staff of the Hospital, and has for its main objects "the promotion of good fellowship among the patients, to provide games, sports and entertainments."

We understand that Capt. Ogilvy-Wills was instrumental in forming a similar organization amongst the boys in Edmonton, where it is working with success. The League is governed by a president, vice-president, secretary and six directors. The Lieutenant-Governor of Alberta was asked to become Honorary President, and His Honor has been pleased to accept this office, and he wishes the movement every success. The officers elected at the

first directorate are as follows:
Hon. President—His Honor The Lieutenant Governor of Alberta.
President—Pte. V. H. Johnson, (29th Bn.).

Vice-President—Sergeant J. B. Stubbs (17th Reserve).
Secretary—Pte. C. G. Ferguson (197th Bn.).

Directors—Pte. W. Shipley (S. C. B. E. F.); Capt. J. B. Ritchie, M.O.; Sergt. G. Pollard, 29th Bn.; Cpl. L. O. Simmonds, P. F. C. L. I.; Pte. Graham Div. Sig.; Pte. W. W. Francis, 50th Bn.

Special standing committees were formed to look after the sports and entertainments, etc., as follows:
Entertainments—Sergeant J. B. Stubbs, chairman; Capt. J. B. Ritchie, Nursing Sister Matron. Oldaker, Mrs. Jungst, of Blairmore, honorary member.

Sports—Pte. Graham, chairman. Pte. S. W. Schwim, Pte. Shipley.

In a few days the League hope to hold an inaugural social, for which invitations are to be sent out.

Reorganization of The Town Council

A meeting for the purpose of reorganization of council was held in the Blairmore town hall on Monday night, present Mayor Beebe, Councillors Johnston, Rosse and Lagace, and the usual concourse of vested ratepayers (niti).

At the previous meeting, which were on motion approved as read.

Application of Messrs. Henderson, Reid & Patterson for the position of auditors for the ensuing year was read and laid on table for later consideration.

Application of The Blairmore Enterprise for special rate for electric current for power purposes, was referred to the Light Committee, to report at next regular meeting.

A communication was received from the secretary of the Board of Public Utilities Commissioners, informing the Council that the matter affected by By-Law No. 62 did not require the assent of the commissioners.

A report in connection with the condition of the water reservoir and water supply was received from the chief of police and ordered filed.

By-Law No. 63, appointing officials, was read a first, second and third time and was finally passed.

Messrs. Henderson, Reid & Patterson were appointed auditors for the year, at a retainer of \$250.

James MacDonald Carter was appointed to succeed A. McLeod as chief of police, duties to include police, sanitary inspector, waterworks superintendent, pound keeper, rate collector, assessor, and etcetera, at a salary of \$100 per month.

By-Law No. 62, empowering the Council to acquire the electric ser-

vice line from the Rocky Mountain Cement for a consideration of \$2,376.87, which had already been assented to by the burgesses and the board of public utilities commissioners, was on motion read a third time and finally passed with the following amendments:

A cheque was received from E. F. Rahal for the sum of \$15.00, declared to be payment in full of rental tax for 1917. As the premises had been assessed at \$300 per annum, on which a levy of .8% was imposed, and also that Rahal in common with all other business men was given ample time in which to appeal against his assessment, the secretary could not accept the cheque, and appealed to the council for their ruling. The finance committee were asked to look into the matter and report at next meeting.

Councillor L. Dutil was elected deputy mayor for a period of three months.
The following committees were appointed:
Works and Property—C. W. Johnston, W. McVey, M. Rosse.
Waterworks—W. McVey, L. Dutil, C. W. Johnston.
License and Police—M. Rosse, P. M. Christophers, O. Lagace.
Health and Relief—O. Lagace, P. M. Christophers, W. McVey.
Fire and Light—P. M. Christophers, O. Lagace, L. Dutil.
Finance—L. Dutil, C. W. Johnston, M. Rosse.

The first named in each case to be chairman of the committee.

It was decided to hold meetings throughout 1918 on the 2nd and 4th Thursday of each month.

Local Oddfellows are reminded of the fact that the installation of officers of Coleman Lodge 28 will take place on Monday night next, and the D.D.G.M. is desirous that as many as possible will make it convenient to be present.

The United States military draft shows that the number of those physically defective is from 7 to 20 per cent, higher in rural districts than in cities. The officials blame this on the lack of medical inspection in country schools.

names were proposed: W. A. Beebe, J. F. Hunter, F. M. Pinkney, W. J. Bartlett, C. W. Johnston, and election returns resulted in the election of W. A. Beebe for a term of three years, W. J. Bartlett for two years and F. M. Pinkney for one year.

Business Commandments

Thou shalt not wait for something to
turn up, but thou shalt pull off thy coat
and go to work, that thou mayest prosper
in thy affairs and make the word "failure"
spell "success."

2. Thou shalt not be content to go
about thy business looking like a bum,
for thou shalt know that thy personal
appearance is better than a letter of re-
commendation.

3. Thou shalt not try to make excuses;
nor shalt thou say to those who chide
thee, "I didn't think."

4. Thou shalt not wait to be told what
thou shalt do; nor in what manner thou
shalt do it, for thus may thy days be long
in the job which fortune hath given thee.

5. Thou shalt not fail to maintain
thine own integrity; nor shalt thou be
guilty of anything that will lessen thine
own respect for thyself.

6. Thou shalt not covet the other fel-
low's job; nor his salary; nor the position
he hath gained by his own hard
labor.

7. Thou shalt not fail to live within
thine income; nor shalt thou contract
any debts which thou canst not see thy
way clear to pay.

8. Thou shalt not be afraid to blow
thine own horn, for he who falleth to
blow his own horn at the proper occasion
findeth nobody standing ready to blow
it for him.

9. Thou shalt not hesitate to say "No,"
when thou meanest "No;" thou shalt
not fail to remember there are times when
it is unwise to bind thyself by a hasty
judgment.

10. Thou shalt give every man a
square deal. This is the last and greatest
commandment, and there is no other
like unto it. Upon this commandment
hang all the law and the profits of the
business world.—Anonymous.

Some Tuff Questions

The following extracts are taken from
letters received at one of the separation
agencies.

1. I have not received no pay since
my husband has gone nowhere.
2. We have received yours truly—I
am his Grandfather and Grandmother.
He was born and brought up in this
house, in quarter to yours truly.

3. You have changed my little girl
into a little boy—will it make any difference?

4. My Bill has been put in charge of
a "spoon" will it get more pay?

5. I have not received no pay since
my husband was confined to a constipation
camp in Germany.

6. I am glad to tell you that my hus-
band has now been reported dead.

7. I am paying attention to a nice
young man. How do I get on about
money?

8. If I don't get my husband's money
soon, I shall be compelled to go to the
streets and lead an "easy" life.

9. I shall be glad if you would tell me
that my husband is dead; as the man I
am living with does not know whether
his wife is dead and it is awkward.
What has he better do about it?

10. In accordance with instructions
in morning paper, I have given birth to
twins enclosed in envelope.

No Hurry

The telephone bell rang with anxious
peristence. The doctor answered the
call.

"Yes?" he said.

"Oh, doctor," said a worried voice.
"something seems to have happened to
my wife. Her month seems set, and she
can't say a word."

"Why, she may have lockjaw," said
the medical man.

"Do you think so? Well, if you are
up this way some time next week I wish
you would step in and see what you can
do for her."—Harper's.

A Winter Version

Mary had a little cold;
It started in her head;
And everywhere that Mary went
That cold was sure to spread.

It followed her to school one day;
'Twas not against the rule,
It made the children cough and sneeze
To have that cold in school.

The teacher tried to drive it out,
She tried hard, but—kackee
It didn't do a bit of good,
The teacher caught it too!

Bellevue Happenings

Mrs. J. Ellison went down to
Monarch to spend a few days with
friends.

Miss Katie Williams has accepted
a position as teacher at the
local school.

Angus M. Kinoun has moved his
family to Bellevue, having secured
work here.

Elas Litherland and family ar-
rived back this week and hope to
stay a while.

Master Eric Anos, who has been
at Lethbridge for some time, re-
turned home this week.

John Lipin, employed in No 2
mine, sustained a broken leg this
week while following his employ-
ment.

A very pretty, but quiet wed-
ding was performed at the home
of Mr. and Mrs. Stefana this week,
when their daughter Lucy was
married to Ektor Stenzen.

The ceremony was performed by Rev.
H. Peters in the presence of a
number of friends. The young
couple started home-making with the
best wishes of their many friends.

The camp was visited by death
again this week. A young man, who
was in the hospital, died.

Master Albert Varley. The young
man had been ill some consider-
able time. Early in the fall he
went to the coast in quest of health,
but his condition gradually grew
worse and he decided to return
home to Bellevue, arriving here
about a week before his death. He
was in his sixteenth year. The
sympathy of the community is ex-
tended to the bereaved family.

Interment took place at Blair-
more on Tuesday afternoon.

Judicious Advertising

A good illustration of what pri-
ter's ink can accomplish when ap-
plied to an honest and popular
idea is shown in the result of a
advertising Province of Al-

berta Savings Certificate.

A small amount was set aside by
the Provincial Government for the
purpose of familiarizing the public
with this excellent savings plan.

Advertisements were inserted from
time to time in the daily and week-
ly papers of the province and also
in the various farm journals of
Western Canada, with the result
that savings certificates were sold
in five provinces in Canada, four
states of the Union and a small
amount even in far-off China. The
eastern and western extent of this
territory is eight thousand miles,
while its northern and southern
limits extend from the Peace River
in the north to the State of Kansas.
With all due regard to the attrac-
tive form of investment, it must be
admitted that without the wide
publicity that it received, the above
successful results could hardly
have been hoped for.

The Provincial Treasurer is fully
satisfied with the success of the
plan to date, as considerable
amounts of money have been de-
posited in the Province Treasury.

Cowley Happenings

All the ice went out of the river during the warm spell.

Harry Gunn and wife, of Brockton, were Cowley visitors on Saturday.

During the recent warm weather, some of the farmers here did plowing.

Jack Hays, of Mayercroft, was a visitor to town on Wednesday last.

Fred Snyder has gone to the coast, where he will spend several weeks.

Mr. Powlett lost a good horse through a wheat founder a few days ago.

Mrs. M. A. Murphy's father and sister, of Fishburn, paid her a visit this week.

Paul Miller, of Fishburn, was a business visitor in these parts for two days recently.

Private King has returned from the front, and is now the guest of Mr. and Mrs. R. Coates.

The telephone has been moved from D. R. McIvor's store to the new telephone building.

George Sharpe and family, of Tennessee district, are moving to the Thomas Tredeale ranch.

There will be a spelling match at the local school house on Friday night from 7:30 to 9:30.

Mr. Gerry is suffering with a slight attack of blood poison, the result of a scratch on her hand.

The Women's Institute cleared some sixty odd dollars at the Red Cross dance given on December 25th.

School reopened here on Wednesday, the 7th. The attendance is

good, considering so many children suffering from colds.

Americans seem to be looking this way, for several parties are coming in here and purchasing land. Hurrah for Sunny Alberta!

Divine services every two weeks by a Methodist minister from Pincher Station in the Presbyterian church. Another result of the war.

Mr. and Mrs. Walter Knight and children, and Mr. and Mrs. Hugh Pettit, of North Fork, are in Spokane at present. They say it is very rainy there now.

We understand that Sgt. R. Swift is laid up in a hospital in England with trench fever. We also learn that "Dick" has contracted a weak heart.

Last week we advertised for warm weather in The Enterprise and it has almost been like summer ever since. Say it don't pay to advertise in The Enterprise, eh?

Regular Meeting of Blairmore Council

The regular meeting of the Blairmore council was held last night, Mayor Beebe and Councillors Dutil, Lagace, Rose, McVey and Johnston being present.

The minutes of the meeting of January the 7th were on motion approved, and communications were received from Messrs. Nay & James, Regina, and West Canadian Collieries, Limited, the latter attached to an account for electric current undercharged since July or August last. The latter was referred to the Fire and Light Committee to report.

The following accounts were passed for payment, subject to approval of the respective committees:

Blairmore Enterprise \$6.50, Alberta Government Telephone \$5.40, Blairmore Hardware Co. \$2.10, Northern Electric Co. \$205.53, West Canadian Collieries \$733.50, Sundry Accounts \$27.35.

On motion by Dutil-McVey, Frank Wright was re-appointed secretary-treasurer and assessor for the year 1918, at a salary of \$85.00 per month.

Secretary was authorized to take necessary steps to collect outstanding 1917 business taxes.

The question being asked by Councillor Dutil as to what returns had been received from the business tax system for 1917, elicited the fact that only \$178.76 had been collected of a total levy of \$1690.00.

The chief of police informed the council that a meeting of young men of the town had been held during the week, at which it was decided to organize a volunteer fire brigade, and that the following resolutions were passed to be referred to the fire and light committee or the council for their approval or support:

That a volunteer brigade be formed, composed of fourteen men, including the captain.

That each man be paid 50 cents for each practice.

That practice be at least twice a month.

That in the event of fire \$1.00 per hour be paid for the first three hours and 50 cents per hour afterwards.

That the fire equipment be thoroughly overhauled as soon as possible, and that the platform leading to fire hall be raised and be put in proper repair.

That a list of firemen's names be posted up in the central telephone office, with the request that in case of alarm firemen be reached

if possible.

That firemen be permitted to take slickers to their homes, giving receipt to fire chief for same.

The above matter was left with the Fire and Light Committee with the request that they report at next meeting.

Council adjourned at 9.30.

Brood Sows to Farmers at Cost

In order to secure an increased production of bacon in Alberta, the Provincial Government is buying grade brood sows, which will be sold to farmers at prices prevailing at time of delivery, with one dollar added for service fee. These animals are being purchased at current prices in the stock yards and the packing plants in Edmonton and Calgary. Special care is exercised to select animals of good length and depth. Growthy but underfed animals are the kind chosen. These will be bred between December 20th and January 10th, and repeated, if necessary, between January 11th and February 1st. All animals that repeat a second time, also all that fail to come in at all, will be discarded because of the lateness or uncertainty of the time when they will farrow.

A record will be kept of the male to which each sow is mated, and the date of same, in order to be able to inform the purchaser as to the time when, and the type of pig each will farrow.

Bones of Berkshire, Yorkshire, Duroc Jersey, Poland China, Hampshire and Tanworth breeding will be used.

Inquiries and applications should be addressed to

Department of Agriculture, Edmonton.

Halifax Relief Fund

The Hon. C. R. Mitchell, Provincial Treasurer, Honorary Treasurer of the Halifax Relief Fund, announces that the Committee in charge of the campaign are doing splendid work. As in the Victory Loan campaign, their unselfish and patriotic efforts have met with a ready response from the public generally. It is only fair to say, however, that better results were expected from some parts of the province than have been forthcoming. The appalling nature of the disaster has been further added to by recent disclosures which show that the loss and suffering are intense. Each one, therefore, should recognize his individual responsibility in the matter and help the Fund by a prompt remittance.

To correct any misunderstanding that may exist with reference to collecting and forwarding contributions, it may be again stated, that all Banks or other organizations or individuals authorized to collect for the fund, have been instructed to send their remittances from time to time, to the central committee for deposit to the credit of the Provincial Treasurer's Halifax Relief Fund, out of which payments are forwarded to the central fund at Halifax. Payments made to the Provincial Treasurer direct will be acknowledged by official receipt.

Remember, it is not yet too late to give. The fund is still open.

There is sometimes luck even in thirteen. A man has received exemption on the claim that he had thirteen relatives from nineteen years of age down to support.

Edmonton must borrow a million and a half dollars for current expenditure.

Mrs. A. E. Nicholls and two sons are leaving this week for Calgary, where they will make their future home.

The business-tax system has evidently been just as big a failure in Blainmore as any other place the scheme has been tried.

Young Al. Rose, the idol of Lethbridge boxing fans, lost on points to Young Harrison, of Chicago, on Wednesday night.

An agent for Business Systems, Toronto, was in town this week, and we understand did a regular hand-office business in the counter.

check book and loose cents are in goods. His prices were the same as ours, but we paid a tax to the town of Blainmore last year for this privilege and foreign agents can get off scot free.

Subscribers to the Victory Loan are reminded that their payments become due tomorrow, Saturday, at the bank, and their prompt attention is requested. It is necessary that in all cases cheques be issued, as the bank has no authority to otherwise make payments. A number of subscribers are under the impression that the banks can charge the amount to their account, but this is not the case.

His satanic Majesty could hardly be held responsible for the construction of the many vulgar phrases made use of in public and private by some of the youths of Blainmore, and it is time such lads were touched up and made to have a little respect for themselves and the public. We know of some boys who measure themselves according to the rankness of their vocabulary, and in order to keep pace with that are wearing clothes twice too big for them.

We here in Canada have as yet known little of what war regulations mean. In the Scottish Farmer of recent date we find four items dealing with war regulations as applied to the farms in Great Britain. At Aberdeen, we find that a farmer was fined \$100 because he failed to cultivate a field to the satisfaction of the Board of Agriculture. At Lanark two farmers were fined, charged with the contravention of the butter maximum price order, in that they sold their butter at a slightly higher price than that permitted by this order. At Aberdeen again four farmers were fined for selling horses without a permit from the Board of Agriculture under the Defence of the Realm Act, and warning is issued that to feed animals and poultry wheat and barley which are fit for manufacture into flour for human food is prohibited.

OF LOCAL AND GENERAL INTEREST

The byzantine offence betrays himself by overacting his part.

John Crawford was down from Lovett this week for a few days' visit with friends.

Some people seem to regard friends merely as opportunities to be taken advantage of.

Mrs. W. T. Young came in from the South Fork last week and will remain a couple of weeks.

Seven Vancouver returned veterans were killed and a number of others injured in a head-on train collision which occurred at Point-Fortune, P.Q., on January the 4th.

Medical inspection in rural provincial schools will likely be adopted as a result of a recent conference of school inspectors with the minister of education at Edmonton.

Reports of the loss of life caused by the earthquake which destroyed the city of Guatemala were greatly exaggerated, for late word says that not more than fifty were killed and 150 more or less injured.

Most of our returned veterans bring the same message of the impregnability of our western battle front. Two thousand big guns per mile is the estimate given by a returned soldier. It's a bad plan, however, to be too cock-sure. Over-confidence has lost many a battle. Eternal vigilance is the price of victory.—Ex.

One thousand dollars were realized for the Red Cross from an auction sale of stock, poultry, furniture, etc., donated by the people of Euslog, Alberta.

The concert given at the opera house on Tuesday night by the famous Scott family of entertainers, and under the auspices of the Red Cross Society, was well attended.

Rev. Dr. Ferguson, superintendent of Presbyterian missions, will be the guest of Central Union church both morning and evening of Sunday next. The sacrament of The Lord's Supper will be administered at the close of the evening service.

All American citizens residing in northwest Canada, who earn more than \$1,000 a year if single, or \$2,000 a year if married, must make a return to the United States collector of internal revenue before March 31st next, to be assessed for the United States income tax.

Evening services in all churches at Red Deer, including the Salvation Army, were dispensed with on Sunday evening last, to allow of the congregations uniting in the Civic Service of Intercession held in the Methodist church. It would not have been out of place had the Blainmore civic heads engaged in a season of prayer on such an occasion.

Six or seven local men, bachelors under one roof, were recently brought before a J.P. charged with a breach of the Liquor Act. The men were of opinion that the act permitted each member of that household to have in his possession the quantity of booze allowed to be kept by the head of a family, and as a consequence seven or eight times the quantity allowed was found under this roof. The owner of the house was fined a nominal sum, while each of his fellow "bachelors" had to dig up the minimum fine provided by the act, plus costs of the case. Under the Liquor Act, any place where more than three men are bachelors is classed as a boarding house, and as such booze is strictly prohibited being kept on the premises.

British casualties reported in the month of December reached a total of 79,527, a marked decrease from November.

Edmonton begins the New Year with \$6,156,471.04 of taxes owing on city property, almost a million more than at the beginning of last year.

The first step to be taken locally in the interest of victims of the Halifax explosion was set on foot this week by the Nights of Gladness Social and Dancing Club, when they decided to celebrate Burns' Anniversary by holding a grand ball in the opera house on the night of Friday, January the 27th, the next proceeds of which will be sent to the fund being raised for the benefit of the several hundred children left blind by the terrible calamity. One of the saddest features in connection with the Halifax disaster was that over four hundred children were left either partially or wholly blind, and we earnestly hope that this affair will receive the support it deserves.

A gruesome find was made by a number of children in the vicinity of Coleman early this week, when the body of a man with his throat cut from ear to ear and other signs of violence was discovered. The police were notified and the body was found to be that of Frederick Krish, who left his home in Coleman several weeks ago, taking with him a razor and axe. The man's disappearance did not cause much alarm until about a week had passed, when his absence caused uneasiness in the minds of relatives, who had begun to believe that the man had taken means to end his life. Search for him was instituted, but after several days of unsuccessful efforts the quest was suspended. The body was removed to Coleman, where an inquest was held, and the remains were given burial. Krish was a man of about forty years of age and leaves a wife and several children.

One of our best known citizens was the victim of a huge joke yesterday at noon, when he entered the Cosmopolitan hotel to call on a friend in Frank on the phone. Near the phone was one of those patent pencil sharpeners, and while asking a friend standing near for the number he grasped the handle of the pencil sharpener and gave several swift turns. Not hearing the bell ring, he repeated the turning before looking down to find his mistake.

On Sunday evening last, at the Anglican church, after service, a vestry meeting was held by the congregation, when a statement of the year was read and it was found that the finances were in a satisfactory condition. Mr. Wright was elected for the present year as vicar's warden, and A. C. Beach as people's warden. Mr. Maron and Mr. Semler were appointed on the vestry board. The Sunday School, as reported by Mrs. Wright, superintendent, is in a very prosperous condition. Some twenty new children have attended regularly for the past year.
